

F800

# **Portable Power Station**

## **Product features**

## **High Capacity**

512Wh high-capacity battery with 800W rated power output, meeting the power needs of various devices

### **Multiple Output Interfaces**

Rich output interfaces: EU AC sockets, USB-PD 100W fast charging, USB-A QC3.0, car outlet, etc., meeting multiple device charging needs simultaneously

#### **Fast Charging**

1.5-hour fast charging, supports dual charging methods via solar power and mains electricity, 400W maximum AC input power

#### Portable & Lightweight

Compact size and lightweight design, easy to carry, suitable for outdoor activities, emergency backup power, and various scenarios

#### Safe & Reliable

Adapt Lithium Iron Phosphate battery technology, 3500+ cycle life, capacity retention >80%, provides 2-year standard warranty service

# **Technical Parameters**

	5000
Model	F800
Main Parameters	
Rated watts unit	800W
Capacity	512Wh
Recharge temperature	0-40°C
Discharge temperature	-15-40°C
Charging time	1.5 hours
Charging method	By Solar Power or Plug in nett power
Battery Type	Lithium LiFePO4
Life Cycle	3500+ cycles, life capacity>80%
Warranty	2-year warranty
Input Parameters	
AC Input	400W Max
UPS	Transform Time≤10ms
PV Solar Input	200W
Car Input	12V/24V
Output Parameters	
Out put sockets*3(EU)	1*EU sockets
Output sockets: EU sockets	220v-230v,50/60Hz
Car cigarette outlet *1	120W,Max,12V/10A
Fast charge outlet	12V/10A(DC6530)
USB-PD 100W*1	5/9/12/15/20V DC, up to 5A, 100W Max
USB-PD	2*20W
USB-A	2*USB-A QC3.0
Physical Parameters	
Weight	6.5Kg
Size	276*209*230mm
Packing Carton	36.7*28.5*35cm
Control Panel Contents	1*LED display
	5*USB Interface
	2*DC sockets
	1*AC sockets
Other Parameters	3 555.035
Input	1*Adapter+1*CAR+1*Solar (Converged on one port)
Manual	English+German+French+Spanish+Italy+Polish+Ukraine
HS codes	8507600090
Packing on pallets	Carton box
MOQ for Branding	300
Pallet packing MOQ	Units 60 pcs/excluding panels
r allet packling MOQ	Office of postexchaning pariets
